

# FICHA DEL PRODUCTO

ITEM: Conjunto Celosia 250x250mm c/ventilador 230Vac

CÓDIGO:

IMAGEN:

DESCRIPCIÓN  
APLICACIÓN:

| Features                   | Unit              | 51090023AP                          | 51090037AP                          |
|----------------------------|-------------------|-------------------------------------|-------------------------------------|
| Air flow rate (free blow)  | m <sup>3</sup> /h | 230(260)                            | 370(400)                            |
| Flow rate with exit filter | m <sup>3</sup> /h | 180(210)                            | 250(270)                            |
| Power supply               | V/Hz              | 230/50-60                           | 230/50-60                           |
| Dimensions HxWxD           | mm                | 250x250x119                         | 250x250x110                         |
| Power consumption          | W                 | 40(38)                              | 70(90)                              |
| Current consumption        | A                 | 0.17(0.16)                          | 0.40(0.38)                          |
| Overcurrent protection     | -                 | thermal                             |                                     |
| Electric connection        | -                 | 3-pole terminal 2.5 mm <sup>2</sup> | 4-pole terminal 1.5 mm <sup>2</sup> |
| Duty cycle                 | -                 | 100%                                |                                     |
| Operating temperature      | °C                | -10/+70                             |                                     |
| Protection degree/class    | -                 | IP54/Class I                        |                                     |
| Noise level                | dB(A)             | 53(58)                              | 65(68)                              |
| Flow direction             | -                 | outside-in                          |                                     |
| Bearing                    | -                 | ball                                |                                     |
| Filter mat (Eurovent)      | -                 | EU3                                 |                                     |
| Service life (at 40°C)     | hr                | 50,000                              |                                     |
| Material                   | -                 | ABS UL94V-0 Color RAL7035           |                                     |
| Wall thickness             | mm                | 1.2-2.4                             |                                     |
| Gasket                     | -                 | self-adhesive                       |                                     |
| Weight (with packaging)    | kg                | 1.60(1.80)                          | 2.50(2.70)                          |
| Package dimensions         | mm                | 270x270x140                         |                                     |
| Mounting                   | -                 | Fast Clip-on                        |                                     |
| Conformity/Approvals       | -                 | CE                                  |                                     |
